Saturday, November 20, 2010

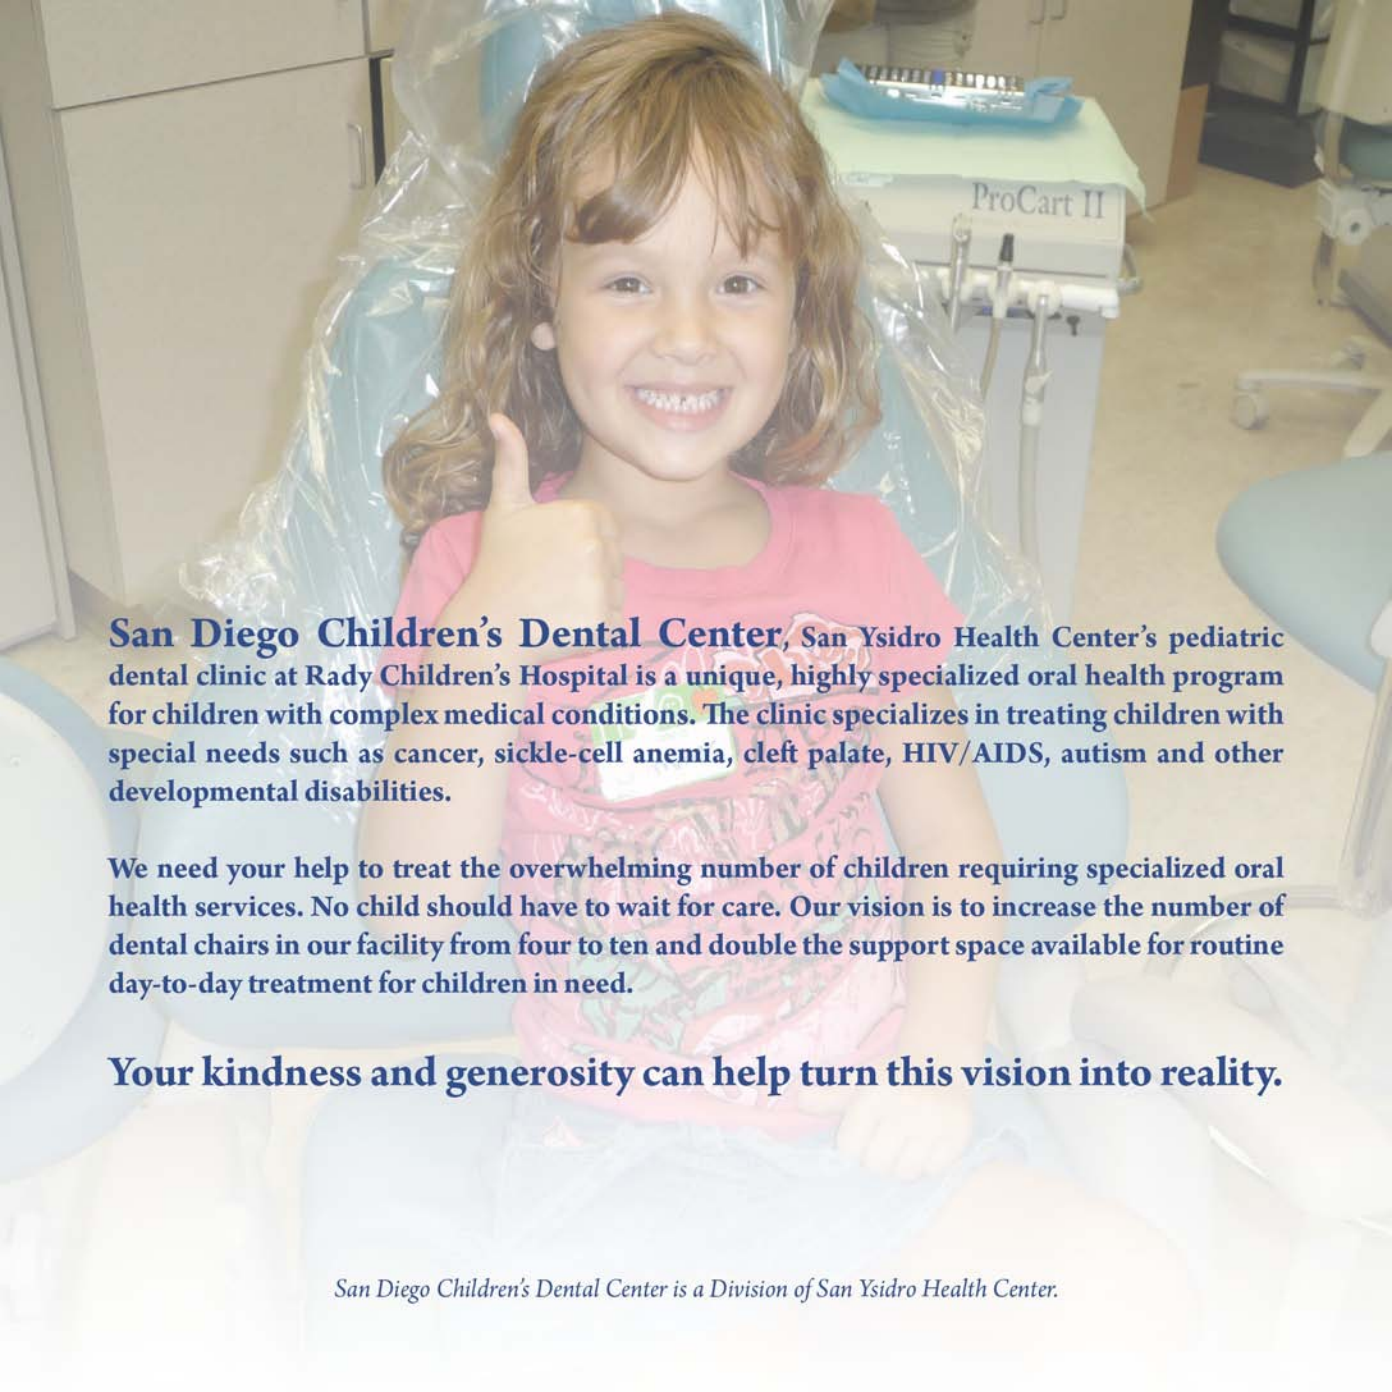

Cocktails and Silent Auction Reception at 5:30 PM

Dinner at 6:30 PM

Hotel Del Coronado

1500 Orange Avenue

Coronado, California 92118

San Diego Children's Dental Center, San Ysidro Health Center's pediatric dental clinic at Rady Children's Hospital is a unique, highly specialized oral health program for children with complex medical conditions. The clinic specializes in treating children with special needs such as cancer, sickle-cell anemia, cleft palate, HIV/AIDS, autism and other developmental disabilities.

We need your help to treat the overwhelming number of children requiring specialized oral health services. No child should have to wait for care. Our vision is to increase the number of dental chairs in our facility from four to ten and double the support space available for routine day-to-day treatment for children in need.

Your kindness and generosity can help turn this vision into reality.

San Diego Children's Dental Center is a Division of San Ysidro Health Center.
