Things to consider before selecting a health insurance plan:

If you have a doctor you want to keep, ask him/her what plans they accept before you select a plan.

Not all plans cover the same name-brand medications. Contact the plan to make sure they cover your specific medications.

If you prefer to go to a specific hospital, make sure that the plan you are considering includes your hospital in their network.

KEEP IN MIND!

Medi-Cal and Covered California require you to renew your coverage every year! If you don't, you may lose your coverage and you will be asked to reapply. Call us to assist you with the process.

IMPORTANT: Individuals without immigration documents are encouraged to apply for their children. Information is confidential and will not be used for immigration enforcement.

Applying for and receiving benefits does not affect sponsorship, residency or citizenship application.
